1. Promotion of Dr. Siraj Ahmad, Professor is not as per regulation. He was Assoc.Prof. for 3 years and promoted Professor on 31.07.2015 after the cut-off date. No Author name has been given in the publications quoted without which his eligible cannot be decided.

He was Asst.Prof. for 4 years against the requirement of 5 years, Assoc.Prof. for 3 years against the requirement of 4 years and promoted on 16.06.2016 after the cut-off date. It is stated that one of the 4 publications has been accepted for publication but no letter of acceptance is attached.
4. Data of clinical material provided by institute are inflated as detailed in the report.
5. During the assessment, the assessor observed as under:

This was the worst ever experience as "Assessor", as present rule say that you have to prepare two sets of Assessor Report and one has to submit to the college authorities and if they disagree they can put their dissent note on that.

Before I could start preparing report I was pressurized to prepare favorable report by Mrs. Richa Mishra, introduced as Trustee of this medical college. Since afternoon, she was sitting in HOD Community Medicine Room and was interfering in document verification for Declaration Form and even for all work. My request to HOD as well as Principal, who was also sitting in HOD's room, to send her back so that I can do work freely could not get positive result.

Before I could start typing the report she asked finding of report verbally and she insisted of favourable report otherwise she asked Principal to stand up and ordered him not to sign the assessment report. She blamed me that I am influenced with initial PG assessment report of Dr. D.K. Raut but as I told that situation is same even today at RHTC and UHC, she got annoyed and left room with Principal with threat that nobody will sign assessment report.

Once I contacted telephonically at MCI officials and appraised the situation, I started preparing report, but even then I was dictated some of the figures and statements. I did not write "Remarks of Assessor" at that point of time. Once report was prepared then it was seen by Mrs. Richa Mishra, then she asked Principal to sign the report.

As many of the points I was not allowed to incorporate at that time, I am mentioning those points NOW:

1. Faculty:

a. All Form 16 issued to Faculty are issued from address of Employer Hind Charitable Trust, C/O Shekhar Hospital P.LT B Block Church Road, Indira Nagar Lucknow-226016, HIMSCFO@GMAIL.COM

b. Dr. Mohd. Afzalul Haque, presented as Professor, have only two publication to his credit as per the list submitted by the institution. His Form 16 mentioned payment of Rs 1,50,000/- to him (Rs 60,000/- and 90,000/- respectively in Q1 & Q2, though he claims to be working regularly since 1.06.2012. he has not undergone training in Basic Course Workshop at MCI Regional Centre in MET. He was Internal Examiner also for this MD Examination. MCI to finally decide his status as Faculty, as Professor as well as Internal Examiner.

c. Salary amount mentioned by faculty in their Declaration Forms, though for current financial year, and amount paid to the faculty as per Form 16, submitted by the faculty does not match as amount paid to the faculty in previous year is less as per Form 16.

d. Though total 11 Tutors, including LMO was presented, but except Dr.K.N. Patni and two LMOs, remaining are postgraduates. Only Dr.K.N. Patni is able to produce proof of "salary" paid to him, in form of Form 16. Remaining Tutor-cum-postgraduates are claiming to getting Rs. 40,000/- per month with Rs 1,000/- per month TDS, though they are working for 1, 2 or 3 years. But norm 16 was produced. Declaration Form of these Tutors at Point 6(b) regarding total emoluments drawn shows overwriting/ tampering in amount received which some of them has countersigned also. As per SAF, residents are getting Rs 60,000/-, 62,000/- and 65,000/- respectively in their first, second and third year, but their declaration form is showing Rs 40,000/- for every year. MCI to finally decide the status of this "Tutor" status as no Salary proof of any tutor is presented, though working for even 3 years also.

2. RHTC:

a. It is outreach center for main hospital with posting of residents from clinical department on different days. None of the paramedical worker with their identity proof and also were unable to explain their job responsibilities for which they were presenting. At the time of visit at about 10.30 am, there were only 4 patients; however it is mentioned in report 42 patients.

b. Dr. V.S.Nigam, presented as Asstt. Professor for this RHTC, claimed to be posted for nearly three years, could not tell name of even single worker working at RHTC. No evidence of his presence or working at RHTC. Even there was no signature against his name in department register also.

c. No proof of implementing training in any National health program, though one room as DOTS room exist but no proof of any patient registration in that.

3. UHC: Dr. Deepti Singh, Asstt Professor was shown as working at this centre. As per Her Form 16, she has been paid second highest salary previous year, among all faculty members, though her declaration form shows different figure of salary being received this year. No attendance record of any worker was available at this center. On inquiring it was told that punching of all these staff is being done at Shekhar Hospital, not at this UHC. No linkage or imparting training in any National Health Program at this center also.

4. Hospital: Hospital statistics submitted by authorities at point 6 in assessors report appears to be highly inflated as the same figures were submitted in the morning and the same at the time of writing the report and does not match with the investigative workload of entire hospital (Point 7), information which was collected by the undersigned himself.

5. Initially they were reluctant to present any previous assessment report but when previous assessment report of 12-13 January 2014 was downloaded from internet by undersigned himself the same was produced. No other assessment report was submitted by college authorities.

6. Other deficiencies as pointed out in the assessment report.

Admissions done (if any) against these seats i.e. 02 seats after the first batch appeared in Examination till their recognition will be irregular/ illegal and not in accordance with MCI regulations (notified with prior permission of Central Government vide notification dated 21/07/2009) and will not be recognized. The explanation given by college authorities to the following four observations of the Postgraduate Committee made on 22.12.2015 is not tenable and cannot be accepted:

1. *The increase has been given to the tune of 53%, whereas, the recommendation from Government of India was for 27% increase (existing seats 88 increased 46). In some subjects, the increase is 100%, whereas, in other there is no increase.*

Have the institution expanded their capacity to accommodate the increased seats (whether necessary increase in faculty and infrastructure has been done) by now since, seven years have passed.*

However, the Postgraduate Committee decided that the matter may be referred to the Ministry of Health & FW and the Govt. may like to grant ex-post-facto Letter of Permission as was done in the case of M.Ch. Surgical Oncology of this institute (Govt. of India, MoH&FW vide letter No.U.18018/57/2013-ME)P-II)(FTS67644) Dated 11.08.2015).
